

March 16, 2010

TO: ALL BOAT OWNERS

On October 25, 2009 changes to the Reservoir ordinance that pertains to boat sanitary waste systems (holding tanks) went into effect. As always, any vessel with an affixed holding tank must have an annual sanitary system inspection. Changes in the regulation require that it is the responsibility of the boat owner to obtain the inspection, much like it is your responsibility to obtain your motor vehicle inspection sticker. Failure to have a current Sanitary Inspection at any time a vessel which requires an inspection is in the Barnett Reservoir or in parts of the Pearl River controlled by the Pearl River Valley Water Supply District is a violation of the PRV ordinance 3.6.5 and the owner and/or operator is subject to a citation.

There is a form on the reverse side of this notice to request an inspection. Please complete the form and either mail it to the address on the form or bring it to the PRVWSD Main Office at 115 Madison Landing Circle, Ridgeland, Mississippi with the \$25.00 Inspection fee. Boat owners paying by credit card have the added option of faxing the form to 601-856-2585 (a 3% convenience fee applies to all credit card payments). You may also visit our website at www.therez.ms and download the Marine Sanitation Inspection Request form. An inspector will contact you and confirm a convenient time to meet you and perform the inspection.

We appreciate your cooperation and assistance in this matter. Ensuring satisfactory compliance of these sanitary waste systems protects the quality of the waters of the Barnett Reservoir making sure they are safe for swimming, fishing and use as the metropolitan areas drinking water supply. If you have any questions please contact the Reservoir Patrol at 601992-9894.

Sincerely,

The Pearl River Valley Water Supply District
